The 20th Century Divan Bed

Public Demonstration in our show windows this evening.

The 20th Century was given this name for the reason that it embodies more modern ideas than any other convertible bed ever made.

It is of neat design and occupies the smallest amount of room by day. It is simple in its operation and strongly made. Has no catches, locks or bolts. Is a perfect bed at night, having a National steel spring on a steel frame and a mattress of cotton felt. Make a special effort to see the working of this Divan. You will want one sometime.

DRUGGISTS.

Cleanliness is the First Law of Nature

Cleanliness is the first law here. We insist on everything being kept neat and clean. Our Meat Department is kept as sweet and clean as your own pantry. We handle only the best of meats. Our lard room is kept as sweet and clean as any dairy room. The room is whitewashed often and everything is cleaned with steam after being used. Our Ham is smoked in an air tight steel closet in the same room.

We take special pains in our Bakery Department. We have the cleanest and the best bakery in this state. Our bread dough is mixed with an electric power Day mixer, instead of the old-fashioned and unsanitary way of mixing by hand. All our pastry making is done in a clean and sanitary manner. We think our Grocery Department is the cleanest and most up-to-date in the state.

All these departments are open to your inspection. In fact we are glad to have you inspect them.

APPRECIATION

We are much gratified with the volume of our holiday business. It has far exceeded our expectations and we wish to thank you one and all for the part you have done in making this a most successful Christmas business.

Plenty of nice things still left for that New Year's gift, many of which we shall make cut prices on to close out. Just step in and take a look before buying elsewhere. Remember we resume giving Rebate Checks Saturday, December 26th, on all regular priced goods. None given on cut prices. Respectfully

Probably the members of the Barre police force do not make claims to being dog fanciers or experts in matters canine, but the cell room yesterday looked as if they would have some chance for studying the fine points of several varieties of dogs. There were no less than three in the collection yesterday, two of them "strays" which are awaiting an owner's appearance, and the third old "Bill Bailey," who seemed to have constituted himself a guard over the other two who were confined in the cell room.

One of the dogs, a handsome French poodle called "Comendrum," for a guess, has been at the station for several days. The other stray is a short-haired black fellow and is apparently just plain dog. Not to be outdone by the police force, Constable Nichols also captured a dog for which he awaits an owner.

THE DAYLIGHT STORE

19 Days Clearance Sale

CLOSES JANUARY 16, 1909.

Everything in our store that sells for more than five cents each (with the exception of Spool Silk and Thread) will be sold in this sale at reduced prices. As soon as any goods are closed out that ends it—no more at that price.

We begin our stock taking January 18th, and must reduce our stock \$8,000 or \$9,000 before that time. If this sale goes on just as last season, that amount will be very easily reached. Very few goods in this sale pay cost of selling; many are at a loss. This closes our year's business. We are willing to take a loss as it puts us in excellent shape for spring business. Our fall buying being a little too heavy, you get a fuller benefit, as large lots have to be marked cheaper in order to clear than smaller lots would have to be. The following are but a part of the goods advertised in this paper last Saturday.

Wash Goods.

Our Wash Goods at these sales, like our Linens and Bedding, are our fastest sellers. We have too many 8c Apron Checked Gingham, the very best quality, so we are offering a part of these now at only, per yard 6 1/4c. The very best; all of them Amosack Gingham.

One lot of best 12 1/2c Gingham in remnants to be sold as they are now at, per yard only 7 1/2c.

One lot of staple styles in our best 12 1/2c Gingham. These have been picked over by Christmas trade and are now offered at, per yard, but any length required.

They are right for children's dresses and aprons.

Table Damask.

This is the sale at which ladies plan to buy nearly their year's supply of Linens. Business interruptions, together with the presidential election year, have brought manufacturers to dispose of goods in lots, at less than cost of manufacture. The next season is to be one of an entirely different nature. Mills will be on full time and all kinds of Cotton and Linen will be quite a little higher in price. That reason, coupled with our idea of always cleaning stock each year, gives the Linen buyer more than an ordinary chance to get advantageous sale prices.
